PROFESSIONAL SUMMARY

Senior Software Engineer with 6+ years of experience in full-stack software development and enterprise application design using Microsoft technologies. Specializes in .NET Core, RESTful APIs, Azure cloud services, and modern frontend frameworks like Angular. Proven success in building scalable, maintainable applications for domains including healthcare, payroll, and enterprise integration. Strong skills in Agile methodologies, CI/CD automation, team leadership, and performance optimization. Microsoft Azure Certified: AZ-900, DP-900. Actively seeking challenging opportunities in leading IT organizations.

TECHNICAL SKILLS

Languages & Frameworks: C#, .NET Core, ASP.NET MVC, Angular, TypeScript, JavaScript, jQuery, Bootstrap
Cloud & DevOps: Microsoft Azure (Functions, Service Bus, App Services), Azure DevOps, CI/CD, Docker
Databases & ORMs: SQL Server, Entity Framework Core, ADO.NET, LINQ
Architecture & APIs: Microservices, RESTful APIs, Web Services, RabbitMQ, ETL
Tools & Testing: NUnit, XUnit, Git, Azure Repos, Postman, Swagger, Visual Studio, VS Code, SSMS
Methodologies & Practices: Agile, Scrum, Kanban, Clean Code, SOLID Principles, Design Patterns

WORK EXPERIENCE

Globant – Pune India
Senior Software Engineer | 05/2024 – Present
- Designed and implemented scalable enterprise applications using .NET Core and Angular.
- Developed RESTful microservices and deployed via Azure, improving API response time by 40%.
- Contributed to front-end and back-end development, ensuring seamless user experiences.
- Collaborated with EU-based clients for requirements gathering and project planning.

CitiusTech Healthcare Pvt. Ltd. – Mumbai India
Technical Lead | 11/2021 – 04/2024
- Led the development of Azure-based CI/CD pipelines, reducing deployment time by 30%.
- Mentored 5+ junior engineers, ensuring code quality and adoption of clean coding practices.
- Designed integration systems and streamline communication between applications.
- Engineered middleware and integration solutions between enterprise systems.

Sankalp Computer & Systems Pvt. Ltd. – Pune India
Senior Software Developer | 02/2020 – 11/2021
- Designed and developed complex application features using ASP.NET MVC and RDBMS.
- Planned, designed, and debugged stored procedures and queries, improving efficiency by 20%.
- Created Web APIs, services, and SQL stored procedures for scalable solutions.
- Ensured application stability by troubleshooting and resolving technical issues promptly.

Plexitech Technologies Pvt. Ltd. – Mumbai India
Software Developer | 04/2019 – 01/2020
- Collaborate with internal teams to produce software design and architecture.
- Plan, design, schedule, write & debug database stored procedures and queries.
- Troubleshoot and resolve technical issues in application programs, ensuring timely and effective resolution to maintain application stability.

NOTABLE PROJECTS

EY Interact Payroll System
Client – Ernst & Young
- Developed a full-stack payroll platform for Ernst & Young using .NET Core microservices and Angular 16.
- Integrated Azure Service Bus for asynchronous messaging between microservices.
- Streamlined payroll processes, ensuring accuracy, efficiency, and compliance for EY's clients

Microsoft CentriCT to PGS Data Integration
Client – CitiusTech Healthcare
- Built robust APIs for integrating CentriCT with internal systems using .NET Core and Azure Functions.
- Automated data syncs to reduce manual work and ensured compliance with security standards.

CitiusTech PGS and QMS Portal
Client – CitiusTech Healthcare
- Developed Angular and ASP.NET Core applications for project and quality governance.
- Managed authentication, audit logs, and dynamic reporting features.

MyNextHire RMS Data Integration
Client – CitiusTech Healthcare
- Delivered an end-to-end ETL solution for recruiting platforms.
- Performed data cleansing, transformation, and ensured high-quality migration to RMS.

Ventaforce – MLM Software Platform
Client – Sankalp Computer & Systems
- Developed core modules for the MLM platform "Ventaforce" using ASP.NET MVC and SQL Server.
- Designed and implemented custom compensation plan logic, e-wallet, and business analytics features.
- Built REST APIs for front-end communication and third-party integrations (e.g., SMS, payment gateways).

EDUCATION

Bachelor of Engineering (BE)
Government College of Engineering, Karad – Maharashtra, India
Graduated: Aug 2016 | Final Score: 66.38%

HSC
Yashwantrao Chavan Institute of Science Satara – Maharashtra, India
Graduated: May 2012 | Final Score: 72%

TRAINING AND CERTIFICATIONS

AZ-900: Microsoft Azure Fundamentals, 2023
DP-900: Microsoft Azure Data Fundamentals, 2025
